Deodorized Beef Tallow

Revision Date: July 13, 2026

SECTION 1. IDENTIFICATION

Product Name:	Deodorized Beef Tallow
INCI Name:	*Tallow*
CAS No.	61789-97-7
Recommended Use	Topical Cosmetic Use
Supplier:	**Bulk Naturals Wholesale LLC.** 212 N Jefferson Unit 12A Ava, Mo 65608, USA 1-417-319-6030
Telephone No. (24hrs):	
Emergency Telephone #:	**1-417-319-6030 (Mon-Fri: 8:00AM – 5:00PM CST)**

SECTION 2. HAZARD(S) IDENTIFICATION

GHS Classification:

Spontaneous combustion (fire) may result from oil soaked materials such as rags, steel wool, paper, and clothing. Place soaked materials in a sealed, metal container to prevent this. The product contains no substances which at their given concentration, are considered to be hazardous to health.

SECTION 3. COMPOSITION / INFORMATION ON INGREDIENTS

Product NameCAS	EINECS	Weight
Tallow 61789-97-7	-	99.0 - 100.0%

SECTION 4. FIRST AID MEASURES

Eye contact:

Immediately rinse with plenty of water for at least 15 minutes while keeping the eyes wide open. Consult with physician.

Skin contact:

Rinse skin thoroughly with large amounts of water. Remove contaminated clothing and shoes.

Inhalation:

If inhaled, move to fresh air; if breathing is difficult, give oxygen; if breathing stops, give artificial respiration.

Ingestion:

Consult with a physician

SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media:

Dry chemical. Dry chemical powder. Carbon dioxide (CO2). Foam. Sand. Fog. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable Extinguishing Media:

Do not use a solid water stream as it may scatter and spread fire.

The information given and the recommendations made herein are based on our research and are believed to be accurate but no guarantee of their accuracy is made and we assume no liability regarding this formula or information contained herein. In every case we urge and recommend that our customers make their own tests to determine to their own satisfaction whether the product is suitable for their particular purposes under their own operating conditions. Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute a permission, inducement or recommendation to practice any invention covered by any patent without the authority from the owner of this patent

Safety Data Sheet

Bulk Naturals Wholesale LLC

Hazardous Combustion Products:	Thermal decomposition can lead to release of irritating gases and vapors, Acrolein, Carbon monoxide (CO), Carbon dioxide (CO2), Smoke, Fumes.
Advice for fire-fighters:	As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions:	Avoid high pressure washing or generation of aerosols. Material can create slippery conditions.
Environmental precautions:	Prevent further leakage or spillage if safe to do so. Do not allow product to reach soil, sewage system or any water course.
Methods for cleaning up:	Dam up. Soak up with inert absorbent material. Use dry spill kit material or sand, collect in appropriate containers.

SECTION 7. HANDLING AND STORAGE

Precautions for safe handling:	Ensure adequate ventilation. Do not use pressure to empty drums. Keep away from open flames, hot surfaces and sources of ignition.
Conditions for safe storage:	Keep in a cool sheltered place. To maintain product quality, do not store in heat or direct sunlight.

SECTION 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Eyes:	Safety glasses with side shields.
Skin:	If skin contact or contamination of clothing is likely, protective clothing should be worn. Use protective gloves.
Respiratory:	In case of insufficient ventilation, wear suitable respiratory equipment.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Light yellow colored liquid
Odor:	Slight Vegetable oil
Autoignition Temperature:	Not auto-flammable
Flashpoint:	Approx. 321 °C / 610 °F
Melting/Freezing Point:	Approx. 40 °C / 104 °F
Oxidizing Properties:	Not expected to be oxidising
Solubility:	Insoluble in water. Soluble in many organic solvents
Specific Gravity / Relative Density:	Approx. 0.9 (H2O=1)

The information given and the recommendations made herein are based on our research and are believed to be accurate but no guarantee of their accuracy is made and we assume no liability regarding this formula or information contained herein. In every case we urge and recommend that our customers make their own tests to determine to their own satisfaction whether the product is suitable for their particular purposes under their own operating conditions. Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute a permission, inducement or recommendation to practice any invention covered by any patent without the authority from the owner of this patent

SECTION 10. STABILITY AND REACTIVITY

Chemical stability: Chemically stable under ordinary conditions of use and storage.
Possibility of hazardous reactions: None under normal processing.
Conditions to avoid: Keep away from open flames, hot surfaces and sources of ignition.
Incompatible materials: No materials to be especially mentioned.
Hazardous decomposition products: Thermal decomposition leads to formation of acrolein, Carbon monoxide (CO), Carbon dioxide (CO_2), Smoke, Fumes.

SECTION 11. TOXICOLOGICAL INFORMATION

Inhalation: Health injuries are not known or expected under normal use. When in the form of an airborne mist, refer to section 8 of this sheet for exposure limits pertaining to "vegetable oil mist". Excessive inhalation of mist may result in respiratory irritation.
Skin Contact: Prolonged or excessive contact with skin may result in mild irritation, however, significant health injuries are not expected under normal use.
Eye Contact: Not expected to pose health issues for the eye.
Ingestion: No adverse effects are expected.

SECTION 12. ECOLOGICAL INFORMATION

Ecotoxicity: Not classified for aquatic toxicity.
Persistence and degradability: Readily biodegradable.

SECTION 13. DISPOSAL CONSIDERATIONS

Dispose ofproductinaccordancewithlocal,state provincial, and federal regulations. Check with local municipal authorities to ensure compliance.

SECTION 14. TRANSPORT INFORMATION

This product is classified (per 49 CFR 172.101) by the U.S. Department of Transportation, as Non-Regulated Material

SECTION 15. REGULATORY INFORMATION

Thisproductdoesnotneedtobelabeledinaccordance with EC Directives or respective national laws.

SECTION 16. OTHER INFORMATION

Revision date: July 13, 2026
